Experience

Company: YBI Foundation , India | Live LInk

09/2024 - 10/2024

Role: Big Data Analytics Intern

Learning Outcome:

- Improved data processing efficiency by 30% using Hadoop and Apache Spark.
- Reduced data cleaning time by 25% through optimized data transformation techniques.
- Streamlined data storage and retrieval by integrating SQL and NoSQL databases, improving query performance by 20%.
- Created interactive dashboard using data visualization tools like Tableau and Power BI, leading to 15% faster decision-making.
- Contributed to a project that enhanced data-driven strategies, increasing operational efficiency by 10%.

Company: YBI Foundation, India | Live Link

08/2024 - 09/2024

Role: Data Science And AI/ML Intern

Learning Outcome:

- Developed and deployed Machine Learning/Deep Learning data models with accuracy using Python, Tensorflow, Scikit-learn.
- Reduced data processing errors by 20% through effective data cleaning and data visualization workflows.
- Automated data analytics pipelines, cutting manual work by 40%.
- Delivered actionable insights that improved business strategies, boosting efficiency by 15%.
- Collaborate with cross-functional teams to understand business requirements and develop actionable insights from large data sets.

Projects

KisanSaathi – Next.js, MySQL, Tailwind CSS | Live Link Role: Full Stack Developer | Sept 2024 - Present

- Developed a platform connecting local artisans and farmers in Bundelkhand to customers.
- Implemented user authentication with profile management and product uploads.
- Designed a responsive UI using Tailwind CSS for enhancing user experience.

Movie Recommendation System - YOLOv5, OpenCV, Python / Live Link

Role: Computer Vision Developer | Aug 2024 - Oct 2024

- Designed a recommendation system using computer vision techniques.
- Integrated user authentication and profile management.
- Built a responsive UI using Tailwind CSS.

Skills & Interests

Languages: HTML, CSS, JavaScript, PHP, Python, C, C++, Java, SQL

Frameworks: Pandas , Numpy , Matplotlib, Scikit-learn, React.js , Next.Js , Laravel Tools: Power BI, Excel, PowerPoint, MS word, Tableau, MYSQL, SQLite Familiar IDEs: PyCharm, Jupyter Notebook, VS Code, IntelliJ Idea, Sublime Text

Interests: Problem Solving, Chess, Coding

<u>Accomplishments</u>

- Participated in Bundelkhand Hackathon | Live Link
- Participated in Jhansi Hackathon | Live Link
- Won 3rd prize in Intra Bytebloom Techfest 2k24 Code Debug Competition | Live Link
- Won 1st prize in Intra Bytebloom Techfest 2k24 Quiz Competition | Live Link

Certificates

- SQL Advanced Certificate(<u>HackerRank</u>) | <u>Live Link</u>
- Analyzing And Visualizing Data With Power BI(Skill Course) | Live Link
- Introduction To Data Analysis using Microsoft Excel (Coursera) | Live Link
- Build A Free Website Using WordPress (Coursera) | Live Link
- Data science and artificial intelligence / machine learning Internship (YBI Foundation) | Live Link
- Cloud Computing And Big Data Analytics (YBI Foundation) | Live Link
